

Covid-19 policy for face to face events

For the safety of all attendees, we ask everyone to take the following steps:

- We recommend that prior to attending the event, you have been vaccinated against Covid-19 at least 14 days prior to arrival.
- Where possible we would encourage attendees to take rapid lateral flow test (LFD) within 24 hours of the start of the event.
- Although masks may not at times be legally required indoors, we request that all attendees wear masks during the meeting whilst up and walking around (unless you have an exemption)
- We encourage delegates to sit in the same seats in the lecture theatre after breaks and lunch.
- Consider other attendees' personal space at the event.

If you are feeling unwell

Do not attend the meeting if you have tested positive for Covid-19, have any symptoms of Covid-19, or are required to self-isolate (please refer to your own local and national rules, and those of the event location if different, for up-to-date self-isolation instructions). If you start to feel unwell at the meeting, you are asked to tell the event organiser and leave the event as soon as possible.

If you are unable to attend an event in person

If you are unable to attend an event because you have tested positive for Covid-19 you may transfer your registration to a colleague or request a refund if registration fees apply. Please contact us by email.

After the event

If you test positive within 14 days of attending the meeting, please inform the organiser immediately. If a delegate informs us that they have subsequently tested positive, all attendees will be informed. No personal information will be given, and the identity of any delegate who has tested positive for Covid-19 will not be shared.
