

FIRST ANNOUNCEMENT

RSC - BMCS :

Antibody – Drug Conjugates

Thursday 19th November, 2026

GSK, Stevenage, UK

Synopsis

Following the success of the BMCS Hot Topics Antibody-drug conjugates meeting, the BMCS are organising an in-person Antibody-Drug Conjugates meeting. Antibody-Drug Conjugates (ADCs), alongside other targeted modalities, effectively enrich target tissues with potent payloads unsuitable for systemic administration. With several recent clinical successes, the number of new ADCs approaching the clinic is rapidly increasing. This meeting aims to highlight the technological advancements and innovations driving these ADCs, while addressing the challenges and opportunities within the field. The meeting will feature speakers from industry and academia who are at the forefront of ADC design.

Registration

Registration fees are below. Please note that these fees are excluding VAT, and VAT will be added on at checkout at the end of completing the registration form.

RSC Member: £165

Non-Member: £200

RSC Student Member: £85

Abstract submission is open for oral, flash talk and posters and poster only abstracts. The deadline for submission is Friday 4th September 2026. Please [click here](#) to submit your abstract.

Speakers

Bradley Pentelute, *MIT*

David Battersby, *GSK*

Andrea Hernandez, *Zymeworks*

Christian Hackenberger, *FMP Berlin and the Humboldt University Berlin*

George Procopiou, *Valink Therapeutics*

Bursaries

The RSC-BMCS is offering a small number of bursaries to attend the meeting in person. Applications are open to PhD and post-doctoral applicants studying at academic institutions or non-profit institutions. Preference will be given to members of the RSC-BMCS. Bursary applications are also invited from RSC members who are of working age, but currently unemployed, and from those who may have difficulty in funding themselves or whose organisations may have difficulty in funding their attendance. The bursary value for this event is up to £350 and applicants have to fill out a bursary application form. The deadline for bursary applications is Friday 11th September 2026. Please [click here](#) for the RSC-BMCS bursary application form.
